

UGANDA WATER AND ENVIRONMENT WEEK (UWEWK) 2021

22nd – 26th March 2021 at the Water Resources Institute, Entebbe

Introduction

The Uganda Water and Environment Week (UWEWK) is a weeklong event that provides an interface between sector actors and other stakeholders for knowledge exchange, dialoguing, learning for improvement of Uganda’s water and environment resources and is organised under the theme: *“Water and Environment security for socio-economic transformation of Uganda.”* This year UWEWK2021 will explore the role water and environment resources will be play in; i) Increasing investment in value addition to environment and natural resources products and services, ii) Promoting natural resource accounting, to improve the national income measurement, iii) Promoting research, innovation and adoption of green appropriate technology to foster sustainable use and management of water and environment resources and iv) Reducing human and economic loss from natural hazards and disasters.

It has four sub themes upon which papers, applied training, dialogues, exhibitions and field visits are organised:

- a) *Valuing Water and Environment resources for socio-economic transformation of Uganda;*
- b) *Water and Environment in a creative economy;*
- c) *Managing Water and Environment shocks and*
- d) *Water and Environment security for smart urban growth*

Target Participants – Over 1000 local and international delegates attending both online and physical
